

Universitas Indonesia, a Vibrant and Enjoyable Learning Environment

Welcome to the most magnificent green campus in Indonesia. Universitas Indonesia (UI) provides more than just the quality education but also the vibrant and enjoyable learning environment with all facilities needed for optimal and rich learning experience.

UI as a modern, comprehensive, open-minded, multi-culture and humanistic campus, welcoming all the new students joining us this year to study at the one of most outstanding academic institutions in the Asia. UI simultaneously strives to be one of the leading research university that shown by UI as the only university in Indonesia that enters the top 100 universities in Asia and ranked 1st in Indonesia. As a world class research university, UI seeks to achieve the highest level of distinction in discovering, developing and diffusion of advanced knowledge regionally and globally with various academic invention and research activities.

The University offers a wide array of scientific disciplines including 13 Faculties, one Post-graduate program (Graduate School), and one Vocational program (Vocational School). UI also offers International Undergraduate Program with double degree scheme. Upon graduation,

students will obtain two degrees; one from UI and one from partner universities such as University of Queensland, Monash University, University of Tilburg, University of Groningen, The School of Computer Science & Information Technology RMIT, Curtin University and others. UI International Undergraduate Program provides high quality education in the international level. UI provides an outstanding quality in educational programs, best learning and research, outstanding teachers, international experiences, as well as recreational and sporting facilities. UI also provides a variety of extracurricular activities to enhance students - capabilities in soft skill, and to make students- life even between their academic and social life. Through variety of activities, the students could stimulate their teamwork ability, leadership, communication skill, and other skill that are needed in their life.
